

Email Everyday

Independent Email Service

2020Media offers a fast, reliable incoming (POP) and outgoing (SMTP) email service to help you collect and send your email wherever you are and independently of your service provider. Designed to be compatible with any ISP and any device (including mobile phones, PDA etc)

There is no "per email" charge to pay - you only pay a flat rate at the level you choose. You don't even have to have an account with us.

NEW! View your email on the move with our exclusive web portal. Upgradeable to offer Calendars, PIM, Document sharing.
